

President's Newsletter April 2010

We are just finishing one of our warmest winters on record. Hopefully, this spring and summer will be just as favourable.

The greens crew have reported the greens have wintered very well and should be playable early this season. To keep up to date on the exact opening day and further information from the club check out our website at www.miramichigolfclub.ca and your emails. If you do not receive emails please visit the office, call 622-2068 or email miramichigolf@nb.aibn.com to add your name to the list. As well, free feel to make any other inquires or comments.

Look for the new renovations on the driving range tee block, number 15 tee block expansion and additional drainage improvements. There will still be more cleanup work to be carried out in these areas so please excuse the ongoing work. These recent projects will contribute greatly toward improved playability around the course.

Looking back on the 2009 season and considering the economic challenges in our area, our club has had one of the best years in recent memory, both on the course and in our operations. We will continue to provide these high standards for the 2010 season while looking for other ways to improve. However, we could still benefit from additional members and having our existing membership and guests continuing to patronize the club.

I am pleased to announce that there are no increases in our 2010 membership dues. The executive and staff have worked hard to keep this one of the few things in our daily lives that will not increase in 2010. With any luck and hard work perhaps our scores will not increase this season as well.

The 2010 Executive is as follows:

Greg Savoy, President
Nancy Blackmore, Ladies President
Jim Jessop, Club Captain
Mario Daigle, MG&CC Director

Troy MacDonnell, Secretary & Vice President
Kevin MacAllister, Acting Past President
Ian Graham, Treasurer
Matt Reilly, NBGA Director

I look forward seeing you this upcoming season.

Sincerely,

A handwritten signature in blue ink that reads "Greg Savoy". The signature is fluid and cursive, with a horizontal line drawn underneath the name.

Greg Savoy

President MG&CC
